THURSDAY, Nov. 30, 1911.

It is said that W. N. Sheats will again be a candidate for State Superintendent of Public Instruction.

Every farmer and every other man interested in the agricultural development of Washington county, should meet the Farmers' Institute train at Chipley, on Dec. 8th, see the demonstration, and hear the addresses to be delivered.

Approximately \$44,000,000 has been expended in the cause of good roads in the Southern States during the present year, according to Secretary of Agriculture James Wilson. In this connection it is interesting to note that Florida is credited with having spent \$1,550,000 in the first ten months of this year.

Governor Crothers of Maryland has invited the fifteen Southern Governors to meet in Baltimore next week to consider ways and means to induce immigration to the South. Florida can offer the land, the climate, the schools and churches and the right sort of neighbors. We also have the desire to make room for those who wish to come here and become home-makers and citizens.

## McMillan Candidate for Sheriff.

Millville, Fla., Nov. 24, 1911.  
Editor of The Banner.

Dear Sir: A few weeks ago I announced through the columns of your paper that I was considering becoming a candidate for the office of Sheriff in the approaching primary.

Since then I have made a partial canvass of the county and am now in a position to say emphatically that I shall be a candidate for the above named office, and in the following lines I will give briefly my conception of the duties of the Sheriff of this county.

First: He should reside at Vernon (the county site) where the most important business of the county emanates, in order that he can himself attend to or personally supervise his duties. Also, he should keep sufficient equipment for all duties connected with the office, including blood hounds, at his own expense.

Second: He should promptly and faithfully execute and make returns of all writs and processes placed in his hands; and be Sheriff of all the people and discriminate against none.

I am entering the race in good faith and with hopes of success, and expect to stay, and respectfully ask that every voter give my qualifications for the office due consideration; and if you believe that I will make you a better Sheriff than my opponents, give me your loyal support. I will appreciate it and if I am elected, I will give you efficient service in return.

It has been rumored that there was an agreement between myself and one of my opponents, that if either of us was elected, that we will divide the duties of the office. This, I will say, is not true; and I do not know the origin of the rumor or whom it was calculated to do harm; but I will say in regard to appointing deputies, that I shall not appoint any of my opponents, but shall appoint where deputies are necessary, the best available men and

Little courtesies cost nothing; always keep a good supply on hand.

Virginia tried, found guilty, heard the appeal, and then executed Beattie, the wife murderer all within the short time of less than four months. Virginia justice is swift.

In no previous year has so much cotton been ginned to November 14th as during the present season. The Census Bureau report last week showed a total of 11,269,985 bales had been ginned, which is a million and a half more bales more than was ginned at that date in 1904, which is the record year.

## HOW WEAK WOMEN

May Be Made Strong at Small Expense and No Risk

There are hundreds of women in this vicinity, weak, thin, run-down, tired out and nervous. Such women need Vinol just as much as did Mrs. Jane Pepper, of 1307 Howard street, San Francisco, Cal., who says: "I have used Vinol for some time with particularly gratifying results. I was run down, weak and debilitated, and my appetite was gone. After taking several bottles of Vinol I found my condition greatly improved, and do not hesitate to recommend Vinol to anyone similarly affected."

Vinol is not a secret nostrum, but a delicious cod liver and iron tonic without oil, which will create an appetite, tone up the digestive organs, make pure blood and create strength. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.
